

Hello to Everybody !

Here we are again with some information that are surely of interest for all Riders.

First of all we are glad, better said, extremely glad to announce that the following IUF REPRESENTATIVES will join UNIOEC 2015:

Olaf Schlote

IUF's President 

(International Unicycle Federation)

and

Scott Wilton

IUF's Vice-President 

(International Unicycle Federation)

Competition Rulebook

In our NEWSLETTER no. 6 we already announced the new rules, just published by the IUF, referring to some disciplines, such as Platform High Jump and Slow Race.

In the meantime the IUF RULEBOOK 2015 has been finished and even if it appears still under “preliminary version” it is in fact the final and official version. Furthermore the software used in freestyle has been already updated.

According to IUF, UNIOEC 2015 is an interesting opportunity for all riders to familiarize with the new rules, also in view of UNICON 2016.

We have therefore decided to follow the IUF’s proposal and are now pleased to announce that the

Rulebook 2015

Will be applied to all races scheduled at UNIOEC 2015.
